

CHILD PROTECTION POLICY

1. INTRODUCTION

The Universal Declaration of Human Rights states that all children are entitled to equal and special care and protection. The Convention of the Rights of the Child, enacted in 1990, outlines the responsibility of nations to promote the inherent dignity and rights of all individuals, “with particular interest in international cooperation for improving the living conditions of children in every country...”¹

As a charitable and philanthropic fund working to ensure that every child around the world has access to education, the Luminos Fund (LF) is committed to upholding the standards of the United Nations Convention on the Rights of the Child. The Luminos Fund takes its duty of care for children seriously, and aims to provide funding and implement programs that are free of harm and minimize risk for vulnerable populations, including children.

2. PURPOSE

The Luminos Fund’s Child Protection Policy demonstrates the organization’s commitment to protect all children from harm and abuse and aims to serve as a tool to educate LF Staff, Providers, and Implementing Partner Organizations in appropriate conduct and minimum standards required to promote and safeguard child-safe environments and programs.

The objective of this standard is to uphold the highest protection of children, through the provision of funds by the Luminos Fund, the conduct of its Staff and Providers, and the implementation of activities by and conduct of its Implementing Partner Organizations.

3. DEFINITIONS

- **Child:** A child is any person under the age of 18 years.
- **Staff:** Any individual employed by the Luminos Fund, including part-time and full-time employees.
- **Implementing Partner Organization:** Any entity receiving grant funding from or through the Luminos Fund to implement projects or other activities.
- **Providers:** Includes consultants, volunteers, board members, researchers, interns, videographers, photographers, visitors, and any other individual or entity performing work, providing goods or services, or acting for, on behalf of or at the direction of the Luminos Fund.
- **Child Abuse:** Includes physical, sexual, and emotional abuse and neglect, bullying, child labor and trafficking, domestic violence and exploitation (including commercial sexual exploitation), and

any other activity violating the Convention of the Rights of the Child. Victims of child abuse can be male, female, or transgender, and abuse may be inflicted by adults or children themselves.²

- **Child Protection:** Activities to minimize harm or prevent children from being subjected to abuse, neglect, and discrimination.

4. GUIDING PRINCIPLES

- The United Nations Convention on the Rights of the Child is the foundation for Child Protection and should inform policies, programs, and the conduct of organizations and individuals interacting with children, families, and communities around the world.
- It is the Luminos Fund's responsibility to support the implementation of programs in a manner that minimizes risks, prevents harm to children, protects the rights of children, and responds to concerns with the utmost care for the well-being of all children.
- All children should be protected equally against harm and any forms of discrimination or punishment on the basis of the status, activities, expressed opinions, or beliefs of the child's parents, legal guardians, or family members.
- Abuse of children's rights as outlined in the Convention on the Rights of the Child
- constitutes Child Abuse and is not acceptable.
- All programs, services, and operations should be conducted with the best interests of children as a primary consideration.
- All reporting and disciplinary action resulting from concerns of Child Abuse should take the best interests of the child into consideration.
- Children are key members of communities that should be provided opportunities to express their concerns and views on matters that apply to their communities and their own well-being. The Luminos Fund prioritizes participatory approaches to program design, management, monitoring, and evaluation, including the perspectives of children.

5. SCOPE OF THE POLICY

This policy applies to all of the following groups while carrying out work in their professional capacity:

- All Staff.
- All Providers.
- All Implementing Partner Organizations.

6. POLICY IMPLEMENTATION STRATEGY

- All LF Staff, Providers, and leadership of Implementing Partner Organizations involved in working directly with children will receive a copy of the LF Child Protection Policy and will be asked to sign a statement of compliance.
- All LF Staff, Providers, and Implementing Partner Organizations will receive a copy of the United Nations Convention on the Rights of the Child.
- The Child Protection Policy will be incorporated in LF Staff orientation and will be made available in Staff policy documents.
- All LF offices and Implementing Partner Organization offices will make readily available the procedures and contact information for reporting instances of Child Abuse. The procedures and contact information should be in English and the appropriate local languages.
- This Child Protection Policy will be reviewed and modified as appropriate, and training will be provided to Staff, and others as appropriate.

7. CODE OF CONDUCT

A. Guidelines

All LF Staff, Providers, and Implementing Partner Organizations should conduct themselves in a manner that observes and aligns with the LF Child Protection Policy and the United Nations Convention on the Rights of the Child.

In addition, all LF Staff, Providers, and Implementing Partner Organizations are required to adhere to any program-specific guidelines and Standard Operating Procedures that further outline the treatment and protection of children.

This Code of Conduct includes guidelines for:

- Workplace Child Protection Practices,
- Direct work with Children, and
- Capturing and Utilizing Images of Children.

This Code of Conduct is not exhaustive, and additional actions could be deemed Child Abuse or a violation of Child Protection requirements. All individuals and organizations covered by this Policy or Code of Conduct should operate in a manner that upholds the protection of children and the provisions outlined in the Convention of the Rights of the Child, any Standard Operating Procedures that may be applicable, and the provisions listed below.

Workplace Child Protection Practices³

Capture and Use of Images of Children	
Luminos Fund Staff, Providers, and Implementing Partner Organizations SHOULD:	Luminos Fund Staff, Providers, and Implementing Partner Organizations should NOT:
<ul style="list-style-type: none"> • Understand and apply local customs and context on reproducing personal images. • Before recording, photographing, or filming a child, introduce the Luminos Fund and the purpose of the request to capture images and/or video footage. • Obtain written consent (using the LF Release Form) from children and their parent or guardian and explain how the image will be used in promotional materials. • Ensure photographs and footage present children in a dignified, appropriate, and respectful manner. • Ensure full identities, contact information, and exact locations of children are not disclosed publicly. • Obtain continued consent for significant change or additional use of photographs or video footage of children. • Respect a child's decision to refuse to be interviewed or photographed. • Avoid negative, degrading, or stigmatizing images of children. • Encourage children to report any concerns. 	<ul style="list-style-type: none"> • Take photographs or video footage of children without appropriate permission. • Use images of children in a manner that does not accurately portray the context. • Share photographs publicly by using children's full names, specific locations, or contact information. • Portray children in an undignified or disrespectful manner.

B. Reporting Process

1) LF Staff members and Providers

If any LF Staff member reasonably suspects Child Abuse or receives a report of Child Abuse involving a Provider, an immediate report must be made by the Staff member to his or her immediate supervisor. If reported to the supervisor, the supervisor then becomes responsible for ensuring that the suspected Child Abuse is reported to the CEO.

If any LF Provider reasonably suspects Child Abuse, an immediate report must be made by the Provider to their primary LF point of contact. The point of contact then makes an immediate

report to his or her supervisor. If reported to the supervisor, the supervisor then becomes responsible for ensuring that the suspected Child Abuse is reported to the CEO.

Staff members and Providers should use their judgment to determine the credibility of information they receive concerning potential Child Abuse. Staff members may discuss the allegations and facts with their supervisors when in doubt, but should keep in mind that waiting for more information to surface may place a child at greater risk of harm.

If a Staff member or Provider suspects abuse of a child that he or she comes into contact with during his or her personal time (outside of LF), the Staff member or Provider is encouraged, but not required, to report the matter as a private citizen. However, if a Staff member or Provider encounters a situation involving an LF Staff person or Provider during his or her personal time, the Staff member or Provider is required to report the suspected Child Abuse.

Willful failure to report a case of Child Abuse that should be reported is a violation of LF's Child Protection Policy and is grounds for disciplinary action or termination. However, neither the individual nor the institution will be held liable for honest mistakes and good faith efforts in interpreting the often difficult allegations and facts involved in these cases.

2) Implementing Partner Organizations

Each organization receiving funding through the Luminos Fund will adopt and implement a process for reporting, and designate an individual or committee to handle, cases of abuse and suspected abuses of children.

Each organization receiving funding through the Luminos Fund will develop and implement its own internal reporting and disciplinary action processes and will participate in capacity-building efforts focused on child protection.

C. Disciplinary Actions

Abuse of children by LF Staff, Providers, or Implementing Partner Organizations may result in the termination of any current agreement and/or relationship with the Luminos Fund, whether through formal dismissal, termination of contract, or otherwise. Termination of agreements will be determined by LF's CEO and Board of Directors considering the nature of misconduct and the entity's response and ability to prevent such future abuses.

D. Child Protection Policy Management

The Luminos Fund's Child Protection Policy will be reviewed and updated as appropriate to ensure relevant practices are adopted and adhered to.

E. Statement of Compliance

I have received a copy of, and have read and understood, The Luminos Fund's Child Protection Policy and Code of Conduct. I understand the United Nation's Convention on the Rights of the Child and The Luminos Fund's commitment to upholding standards of Child Protection and minimizing risk of abuse.

I understand that adherence to this policy is a requirement and that failure to do so would constitute a breach of any current agreement or work with The Luminos Fund.
